**TEAM MEMBERS:**

**1.S.ROJA**

**MAIL ID:rojasivalingam05@gmail.com**

**2.A.AKSHYA**

**MAIL ID: akshayaarumugam9965@gmail.com**

**3. S.KASTHURI**

**MAIL ID: kasthurisankar58@gmail.com**

**4.P.AMBIKA**

**MAIL ID: ambikaambika4545@gmail.com**

**Objective:**

**To develop a system that helps businesses track product inventory and manage stock efficiently.**

## Tools Used

- Python Flask
- HTML
- CSS
- JavaScript
- SQLite

## Modules

- Product Management
- Inventory Tracking
- Delete Product
- Product Listing

## Advantages

- Easy stock management
- Simple user interface
- Faster inventory tracking

## Conclusion

The Inventory Management System simplifies the process of tracking products and managing stock levels. It helps reduce manual errors and improves efficiency in inventory handling.
